ThoroughCare

Chronic Care MANAGEMENT (CCM)

Care Coordination for Value-Based Care Success

Software to effectively implement CCM, enhance care quality, and maximize Medicare incentive payments.

- Automate and optimize clinical workflow

- Develop care plans for personalized care, aligned with patient's health goals

- Connect patients and care teams digitally to foster better engagement and outcomes

- Meet or exceed value-based performance metrics and maximize payment incentives

- Live dashboards to track and manage clinical and operational activities in real-time

- Log non-face-to-face CCM time live with audit trail generation for billing and claims accuracy

- Automatically assign CPT codes and conditions to claims based upon time spent with the patient

2024 CCM Program*

Code	Description	Reimbursement
99490	20-minutes per month	**$61.56**
99439	20-additional minutes per month (limit 2)	**$47.15**
99487	60-minutes per month (Complex)	**$131.96**
99489	30-additional minutes per month (Complex, no limit)	**$71.06**
99491	30-minutes of provider time	**$83.17**
99437	30-additional minutes of provider time	**$58.61**
G0511	20-minutes per month (RHC and FQHC)	**$71.68**

*Reimbursement rates are based on a national average and may vary depending on your location.
Check https://www.cms.gov/medicare/physician-fee-schedule/search/ for the latest information.

For CCM, here's what we recommend:

At 20 minutes: Bill 99490 or G0511 (RHC and FQHC)

At 40 minutes: Bill 99490 + 99439

At 60 minutes: Bill 99490 + 99439 (x2)

At 90 minutes: Bill 99487 + 99489

At 30 minutes Provider Time: Bill 99491

Profitable CCM Reimbursements from Medicare

100 CCM Patients: $61.56 x 100 = **$6,156**

500 CCM Patients: $61.56 x 500 = **$30,780**

1,000 CCM Patients: $61.56 x 1,000 = **$61,560**
